

AMENDMENTS TO THE CLAIMS

This listing of claims will replace all prior versions, and listings, of claims in the application.

Claims 1-37 (canceled)

Claim 38 (original): A device suitable for moving a crystal holder from a storage cell to a positioning device, said moving device comprising an elongated element having a first end and a second end, said first end capable of being linked to a robot, said second end capable of being coupled to said crystal holder, said device capable of maintaining a crystal in said crystal holder at a temperature no higher than about 160 ° K when said second end is couple to said crystal holder.

Claim 39 (original)): The device of claim 38, further including a vent to allow air to escape from said device.

Claim 40 (original): A device suitable for moving a crystal holder from a storage cell to a positioning device, said moving device comprising an elongated element having a first end and a second end, said first end capable of being linked to a robot, said second end capable of being coupled to said crystal holder, said device capable of shielding said crystal holder from ambient air when said second end is couple to said crystal holder.

Claim 41 (original): The device of claim 40, further including a vent to allow air to escape from said device.
